EDUCATION

Dayananda Sagar College Of Engineering <i>Bachelor of Engineering – Computer Science and Engineering</i>	CGPA: 9.10 <i>2022 – 2026</i>
Delhi Public School, Ranchi <i>Senior Secondary (CBSE)</i>	Percentage: 91.2% <i>2020 – 2022</i>

TECHNICAL SKILLS

Languages: C++, JavaScript, TypeScript, Java, Go, Python
Technologies/Frameworks: React, Next.js, Node.js, Express.js
DevOps/Cloud: Docker, AWS, Azure, GitHub Actions
Databases/Tools: MongoDB, PostgreSQL, Firebase, MySQL, Git

EXPERIENCE

TouchToRate <i>Full Stack Developer</i>	<i>Feb 2025 – July 2025</i>
- Built a real-time update system using webhooks to sync data instantly across distributed services. - Built reusable frontend components with React and Next.js, delivering responsive and performant UI across devices. - Integrated OAuth 2.0 for secure user authentication and authorization across multiple external platforms. - Deployed scalable APIs using Node.js, and improved system latency by caching via Azure CDN.	

PROJECTS

SharkBucks

TypeScript, Firebase, Tailwind, CSS

GitHub | Deployment

- Built a distributed, multi-user auction system for **SMEs and investors** with real-time updates and reactive state handling.
- Integrated an **NLP-driven chatbot** for automating user queries related to government schemes.
- Designed an ML-powered recommendation engine to **match funding offers** with SME profiles using user intent and historical data.

FindYourKick

React, MongoDB, Node.js, Tailwind

GitHub | Deployment

- Developed a modular eCommerce platform with a fully integrated **backend-frontend data flow** using RESTful APIs.
- Enabled **real-time inventory tracking** and order updates using stateful components and database triggers.
- Used **JWT-based authentication** and **Braintree** payments to ensure secure and efficient transactions.

Hostel Management System

React, Tailwind, MongoDB, Node.js

GitHub

- Created a centralized portal for real-time **complaint tracking, gate pass management**, and digital payments.
- Architected with **React state management**, and optimized MongoDB queries for fast user response.
- Admin panel allowed dynamic control over complaint status, gate pass approvals, and student record analysis.

ACHIEVEMENTS

- 1st Place** among 617 participants in HackBangalore 2024 Hackathon – **May 2024**
- Top 9** out of 30 teams at HackGlobal 2024 Hackathon in Singapore – **October 2024**
